

EXPERIENCE SCI-PORT DISCOVERY CENTER'S THREE DISTINCT ATTRACTIONS, ALL UNDER ONE ROOF.

LSSC Louisiana's Science and Space Center allows people of all ages to discover physical sciences, mathematics, space science, the human body and Louisiana wildlife through its diverse galleries and the Sawyer Space Dome Planetarium. LSSC features hands-on exhibits and interactive daily programs.

POP POP provides a fun and educational environment for children ages 8 and under. Children can visualize themselves as problem solvers and innovators in a kid-sized Shreveport-Bossier City. Play is the work of childhood, and the power of constructive play helps children discover the world around them.

IMAX® Louisiana's only IMAX® Dome Theatre immerses guests in award-winning, educational films. Through a surrounding screen, state-of-the-art sound and stadium-style seating, guests can discover our planet and beyond, from the depths of the ocean to the reaches of the galaxy.
