

STARLAB® Planetarium

Bring our STARLAB® portable planetarium and trained staff to your school or event space. The planetarium can be set up in an hour and can accommodate groups of up to 30 for 30-minute presentations.

Stargazers (3rd–12th)

Gaze at the stars, the moon, planets, constellations, star clusters, and even galaxies in our Star Lab.

Peek at the Planets (3rd–12th)

Learn about the planets, their properties, and where you would find them in the sky.

Baby Bear (Pre-School–3rd)

See the stars as they move across the night sky and hear stories about the constellations.
