

SCOUT SHOUT

Sci-Port’s Scouting programs are easily integrated into your pack’s schedule. They may be used to start or finish the requirements for a pin, belt loop, badge, or journey. Available programs are separated by Girl Scouts and Boy Scouts of America, as well as, by Brownies, Cadettes, Wolf Scouts, Boy Scouts, etc.

Select your group’s activities from our curriculum-rich, hands-on labs, demonstrations and planetarium shows! To obtain additional program information, please contact the Revenue Programs Manager at (318) 424-8699 or nhunsicker@sciport.org.

Scout Group Visits must be scheduled at least 2 weeks in advance.

Daisy and Tiger groups should ask to reserve time in our Raspberry-Power Children’s Gallery, an area reserved exclusively for our Pre-School to 1st grade visitors and their families. Groups of up to 40 scouts may book a 30 or 45 minute session in this gallery. Each 45 minute session will include a 15 minute Creature Corner** program. Teachers, also learn more about our [Early Childhood Program](#) offerings.

Badge(s)/Journeys	Program Name	Duration	Program Description
Between Earth and Sky	As the Crow Flies	30 minutes	<i>Sponsored by the Rotary Club of Shreveport</i> Students will explore map reading while interacting with a floor-sized map of Louisiana and learn how to identify the four cardinal points of a compass.
Between Earth and Sky	Six Plant Parts	30 minutes	Your students will dance and sing as they build a plant and learn about plant part functions.
Between Earth and Sky	Busy Bees	30 minutes	Learn about honey bees, why they are disappearing, and the role they play. Create a bee magnet and listen to “The Magic School Bus: Beehive.”
Between Earth and Sky	Chocolate Rock Cycle	30 minutes	How sweet is this activity? It’s an introduction to the rock cycle using chocolate! Use chocolate to understand how tasty sedimentary, metamorphic and igneous rocks are formed!
Between Earth and Sky	Recycled Paper Pots	30 minutes	Make a flower pot using recycled newspaper, and discover what plants need to survive.
Between Earth and Sky	My Life as a Tree	30 minutes	You will learn the significance of a tree’s annual rings and how to recognize and define the importance of the bark, cambium and the heartwood of a tree. Plus, make a model of their own “life as a tree.”
Between Earth and Sky	Get Your Green On	30 minutes	<i>Sponsored by the AEP Foundation</i> Students become environmental stewards by learning to reduce, reuse and recycle.
